

WALK THE WALK

In Sweden, If you need extra money, you can sell your body to a research facility to be used for scientific research after your die. One gentleman did that but later inherited a great deal of money so he tried to buy his body back. When he found out that he could not do that, he tried to sue the research facility. Not only did he lose his case in court but the research facility was awarded damages because that person had two teeth extracted without their permission.

This same senerio can result in our walk with the Lord as well. When Jesus died on the cross for all of our iniquities, He paid the price for all of us. We now belong to Him. We then have a choice to make. We can choose to make the commitment of salvation or we can walk away from Him. If we choose to walk away, on Judgment Day, we too will be penalized like the man from Sweden in our day in court with the Father by forfeiting eternal life in His Kingdom.

Our prayer for you is that you will take the lessons learned from this weekend and follow the examples of love, compassion, forgiveness, and mercy that Jesus laid down for us to follow and share it with others in your daily walk with Him.

**GOD LOVES YOU AND SO DO WE:
